Preet Rana

Student • Aspiring Web Developer

Email: your.email@example.com | GitHub: github.com/yourusername | LinkedIn: linkedin.com/in/yourusername

PROFILE

Student interested in web development, responsive design, and version control. Enjoys building practical projects and continuously improving technical skills.

EDUCATION

Add your college name, degree/program, current semester, and expected graduation year.

TECHNICAL SKILLS

HTML5 • CSS3 • JavaScript • Git • GitHub • Add other skills you can confidently explain.

PROJECTS

Personal Portfolio Website — Responsive portfolio built with HTML, CSS, and JavaScript; intended for deployment on GitHub Pages.

Campus Food Ordering — Student front-end project concept for browsing menu items and managing a simple cart. Add your repository link.

Gaming Zone Management System — Student project concept for viewing games and gaming-station bookings. Add your actual role and repository link.

ACHIEVEMENTS / CERTIFICATIONS

Add only achievements and certificates you have actually earned.

Important: This is a starter template. Replace the sample contact details and education information, and remove any project or skill that does not accurately describe your experience before submitting.
